Execution record: KA-001 v1

Order entry form — display and input validation

Overall result: FAIL 5 pass · 5 fail · 0 blocked of 10 steps

1. Execution details

Run ID	`KA-001-20261110T154735Z-9a05`
Protocol	KA-001-order-form.yaml · sha256 `6cf0f5327f2d9faf2ff1b193c835658b49864c1c445f0dc297f6154e4b0e4a5b`
Protocol approval	A. Reviewer (Reviewer), 2026-11-10T15:47:35.041Z — Initial approval. Review approval; not a Part 11 signature.
System under test	http://127.0.0.1:4173/bad (overridden at start; protocol says http://127.0.0.1:4173/good)
System version	1.4.2 — read from http://127.0.0.1:4173/bad/version.json (field version)
Initiated by	T. Tester
Started / finished	2026-11-10T15:47:35.263Z → 2026-11-10T15:47:56.129Z · host system clock (UTC); NTP synchronisation not verified by validshot
Environment	viewport 1280×800, scale 1, timezone UTC, locale en-US, light scheme, reduced motion; action timeout 5000 ms, assertion timeout 2000 ms, no automatic retries
Execution tool	validshot 0.2.0, Playwright 1.64.0, chromium 156.0.8078.4, Node v24.21.0, Linux 6.8.0-100-generic arm64, host qa-runner-01
Evidence chain head	`4bbb6649eb86256f052ffb1b7b1ffb229e32f8af20e0905ab87cfe69ce1cf83b` (audit.jsonl at the time this record was generated; verify with `validshot verify-run`)

2. Requirement traceability

Requirement	Text	Steps	Result
REQ-010	The order page shows the selected product's full name, its stock status and unit price.	1, 2	FAIL
REQ-011	The total equals quantity × unit price, rounded to the cent.	2	FAIL
REQ-020	Quantity accepts whole numbers from 1 to 99; anything else shows an error and disables ordering.	3, 4, 5, 6, 7, 8, 9	FAIL
REQ-030	Placing an order shows a confirmation with quantity and product.	10	PASS

3. Deviations

Step	Req	Expected	Actual	Result
1 A3	REQ-010	field labelled "Stock status" shows exactly "In stock", and is displayed intact (in view, not covered, not truncated)	shows "In stock", display: is covered by <div#promo>	FAIL
2 A1	REQ-010, REQ-011	field labelled "Selected product" shows exactly "Extended-range calibrator set for high-throughput analyzers", and is displayed intact (in view, not covered, not truncated)	shows "Extended-range calibrator set for high-throughput analyzers", display: text is cut off horizontally (463px of content in 360px)	FAIL
2 A2	REQ-010, REQ-011	field labelled "Stock status" shows exactly "Low stock", and is displayed intact (in view, not covered, not truncated)	shows "Low stock", display: is covered by <div#promo>	FAIL
2 A4	REQ-010, REQ-011	field labelled "Total" shows exactly "$569.97", and is displayed intact (in view, not covered, not truncated)	shows "$569.90", displayed intact	FAIL
3 A3	REQ-020	field labelled "Total" shows exactly "$189.99", and is displayed intact (in view, not covered, not truncated)	shows "$189.90", displayed intact	FAIL
4 A2	REQ-020	field labelled "Total" shows exactly "$18809.01", and is displayed intact (in view, not covered, not truncated)	shows "$18809.00", displayed intact	FAIL
5 A1	REQ-020	alert shows exactly "Quantity must be a whole number from 1 to 99", and is displayed intact (in view, not covered, not truncated)	shows "", displayed intact	FAIL
5 A2	REQ-020	button "Place order" is disabled	enabled	FAIL
5 A3	REQ-020	field labelled "Total" shows exactly "—", and is displayed intact (in view, not covered, not truncated)	shows "$0.00", displayed intact	FAIL

Each deviation needs a deviation record. A re-execution gets a new run ID; this record is kept unchanged.

4. Steps

Each step shows the annotated copy (boxes = assertion targets). The raw screenshot is stored unmodified next to it; both hashes are listed and recorded in the audit trail.

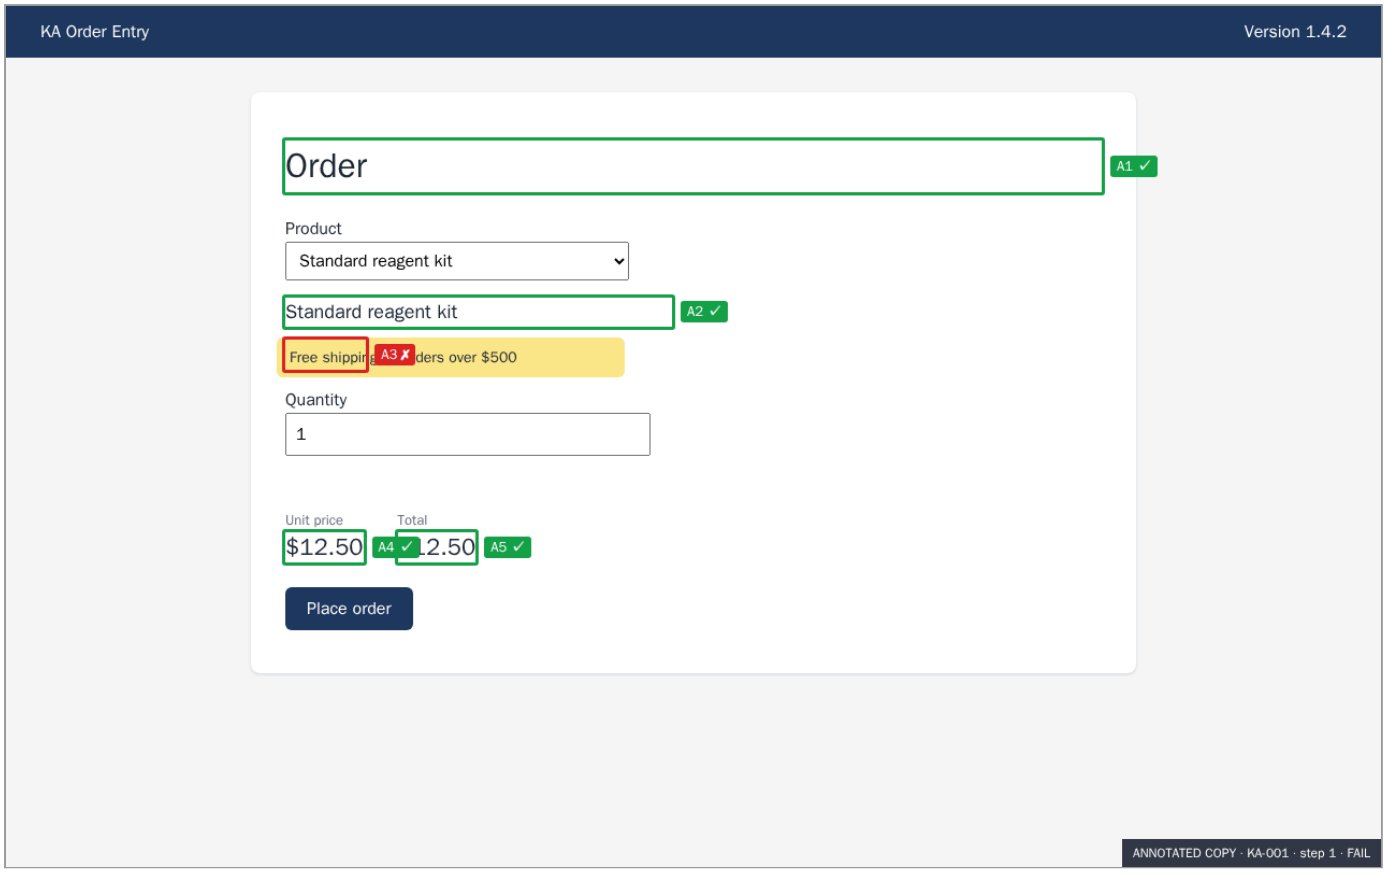

Step 1 FAIL REQ-010

Action: Open the order page.

```
open /
```

#	Expected	Actual	Result
A1	heading "Order" is visible, and is displayed intact (in view, not covered, not truncated)	visible, displayed intact	PASS
A2	field labelled "Selected product" shows exactly "Standard reagent kit", and is displayed intact (in view, not covered, not truncated)	shows "Standard reagent kit", displayed intact	PASS
A3	field labelled "Stock status" shows exactly "In stock", and is displayed intact (in view, not covered, not truncated)	shows "In stock", display: is covered by <div#promo>	FAIL
A4	field labelled "Unit price" shows exactly "$12.50", and is displayed intact (in view, not covered, not truncated)	shows "$12.50", displayed intact	PASS
A5	field labelled "Total" shows exactly "$12.50", and is displayed intact (in view, not covered, not truncated)	shows "$12.50", displayed intact	PASS

Executed 2026-11-10T15:47:35.360Z → 2026-11-10T15:47:37.815Z · URL http://127.0.0.1:4173/bad/

```
raw shots/step-01.raw.png sha256 6eb13dc0a6995b35bd1807e89c498f9aa64dfcf9bc83369e7f9507e3836137cd
annotated shots/step-01.annotated.png sha256 f2908a584e9003caee7c450d48d6439de07972743f057df48b87430293e156ae
```

Step 2 FAIL REQ-010, REQ-011

Action: Select the calibrator set and enter quantity 3.

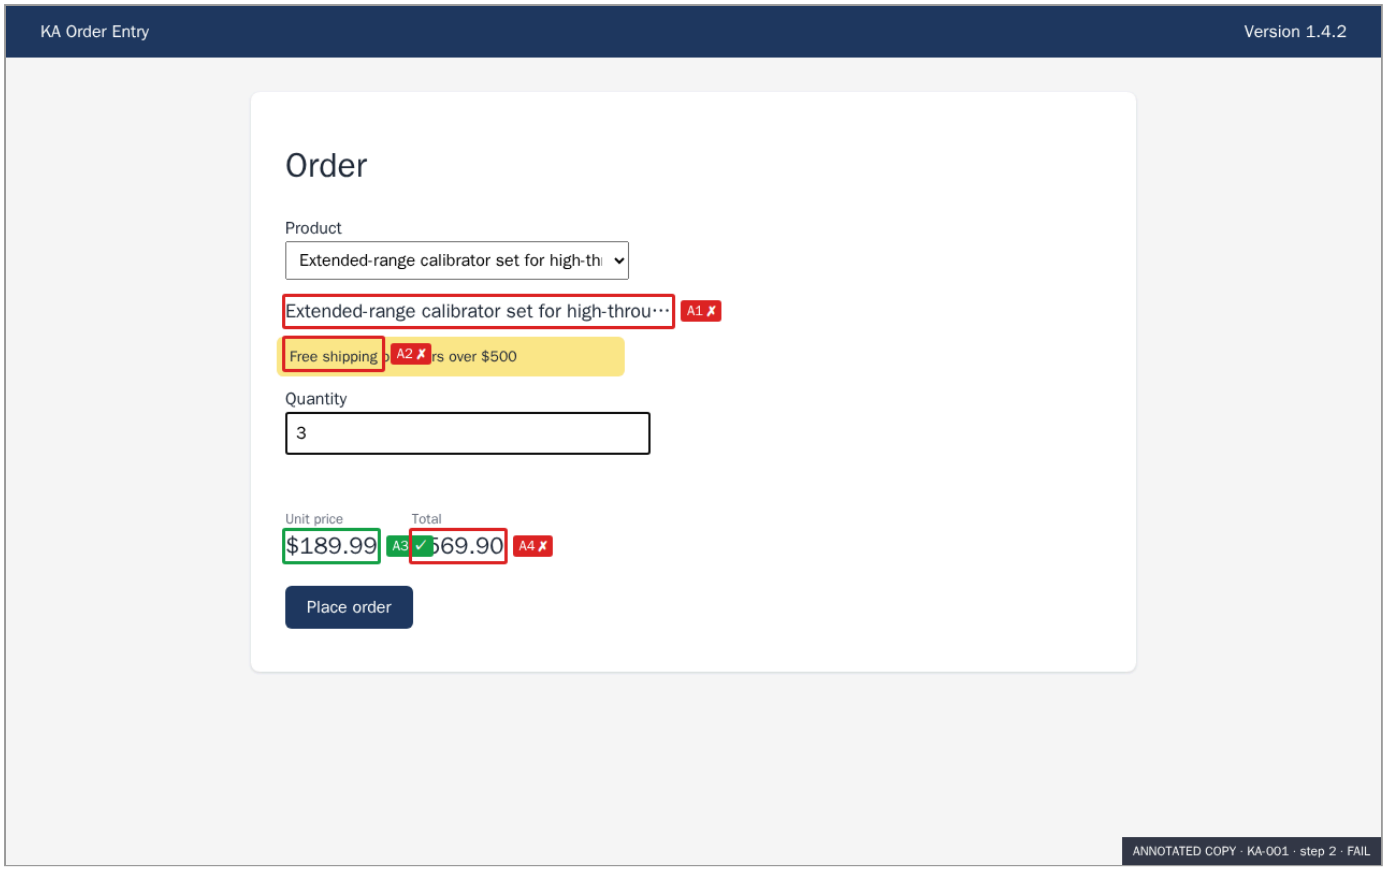

```
choose "Extended-range calibrator set for high-throughput analyzers" in field labelled "Product" → enter "3" into field labelled "Quantity"
```

Expected (protocol text): The full product name is readable, the stock badge reads "Low stock", total is $569.97.

#	Expected	Actual	Result

A1	field labelled "Selected product" shows exactly "Extended-range calibrator set for high-throughput analyzers", and is displayed intact (in view, not covered, not truncated)	shows "Extended-range calibrator set for high-throughput analyzers", display: text is cut off horizontally (463px of content in 360px)	FAIL
A2	field labelled "Stock status" shows exactly "Low stock", and is displayed intact (in view, not covered, not truncated)	shows "Low stock", display: is covered by <div#promo>	FAIL
A3	field labelled "Unit price" shows exactly "$189.99", and is displayed intact (in view, not covered, not truncated)	shows "$189.99", displayed intact	PASS
A4	field labelled "Total" shows exactly "$569.97", and is displayed intact (in view, not covered, not truncated)	shows "$569.90", displayed intact	FAIL

Step 4 FAIL REQ-020

Action: Edge case, upper boundary: enter quantity 99.

```
enter "99" into field labelled "Quantity"
```

#	Expected	Actual	Result
A1	button "Place order" is enabled	enabled	PASS
A2	field labelled "Total" shows exactly "$18809.01", and is displayed intact (in view, not covered, not truncated)	shows "$18809.00", displayed intact	FAIL
